

# MEISSNER DELUXE SIGNAL SHIFTER COIL SET REFERENCE

*Geoff Fors, WB6NVH*

Coil sets for the Signal Shifters often get separated from their original boxes, and the cardboard discs on top fall off and get lost as well. Here is a chart I have extrapolated from Meissner catalog and manual pages. Part numbers were also painted in a faint silver paint along the bottom circumference of the coils. Question marks after a part number set mean that I extrapolated those numbers from the other, known sets.

## GENERAL COVERAGE COIL SETS

Sold to military and commercial users, usually found in military surplus lots

### Cat. No. Freq. Range (KHz) Coil Part Numbers (Osc Grid, Osc. Plate, Doubler)

18-3321	1000-1170	
18-3322	1170-1370	
18-3323	1370-1600	
18-3324	1600-1870	18-2967, 18-2968, 18-2969 ?
18-2951	2040-2410	18-2970, 18-2971, 18-2972
18-2952	2395-2835	18-2973, 18-2974, 18-2975
18-2953	2820-3320	18-2976, 18-2977, 18-2978
18-2954	3190-3760	18-2979, 18-2980, 18-2981
18-2955	3975-4690	18-2982, 18-2983, 18-2984
18-2956	4670-5515	18-2985, 18-2986, 18-2987
18-2957	5480-6470	18-2988, 18-2989, 18-2990
18-2958	6440-7450	18-2991, 18-2992, 18-2993
18-2959	7510-8870	18-2994, 18-2995, 18-2996
18-2960	8830-10,360	18-2997, 18-2998, 18-2999 ?
18-2961	10,300-12,100	18-3000, 18-3001, 18-3002 ?
18-2962	12,075-14,000	18-3003, 18-3004, 18-3005 ?
18-2963	13,940-16,500	18-3006, 18-3007, 18-3008 ?

## AMATEUR BAND, "BANDSPREAD" COIL SETS

### Cat. No. Freq. Range (KHz) Coil Part Numbers (Osc Grid, Osc. Plate, Doubler)

18-2915	1775-2050	18-2900, 18-2901, 18-2902 ?
18-2916	3500-4000	18-2903, 18-2904, 18-2905
18-2917	7000-7300	18-2906, 18-2907, 18-2908 ?
18-2918	14,000-14,400	18-2909, 18-2910, 18-2911 ?
*18-2919	14,000-15,000	This set doubles to 28,000-30,000 (10 Meter)
